**NOTES:**

\* Upper eligibility is defined as a percent of the Federal poverty level (FPL). In 1998, FPL is \$16,450 for a family of 4.

\*\* State either has received approval for an amendment to its original CHIP submission or has an amendment pending.

\*\*\* The total State estimated enrollment reflects all approved plans and amendments. Numbers are based on states' unreviewed estimates of enrollment by September 2000.

^ The State has indicated to HHS that the plan submitted is only the first step in a broader expansion. Other States also may be considering second phases of their SCHIP plans

-- The number of children estimated by the State to be enrolled is less than 1,000.
